

Our response to COVID-19

Safety has always been a core value of Stuff-a-Sackpack. Each year we diligently screen donations to ensure safety for our valley's teens. 2020 will be no exception. In response to COVID-19, the Stuff-a-Sackpack team will be taking the following precautions during turn-ins:

- Masks/face shields
- Hand sanitization between each exchange
- Turn-in stations that adhere to 6' social distancing
- Contactless turn-in process (curbside/from car by request)
- Application of disinfectant to the exterior of every sackpack
- Use of disinfectant wipes on loose donations

In addition:

Each Stuff-a-Sackpack team member will be pre-screened daily for COVID-19 symptoms/exposure prior to volunteering during turn-in events.

A pre-screening email will be sent on Friday and Saturday during the week of Stuff-a-Sackpack turn-ins to each person who has signed up to stuff sackpacks.

All boxed sackpacks and donations will sit, undisturbed, for a minimum of 24-72 hours prior to delivery to our partner schools on Monday, December 7.

2020 turn-in dates have been adjusted to allocate an extra week for our partner schools to distribute sackpacks and donations in the way that is safest for their students.

If you would like to schedule a contactless, curbside drop-off of sackpacks or loose donations, please email stuffasackpack@gmail.com or call Chelsea (509) 393-2015.
